POLICIES

BILLING

Barco's billing cycle will be monthly. The monthly price quoted by Barco will be billed at an actual daily rate. The daily rate is calculated by dividing the monthly rate by 30 days. A monthly recurring late fee of 3% will be added to all past due balances.

TAXES

Renter is responsible for any applicable sales and/or property taxes for the period of your use in that state. We may require you to pay any such taxes to us monthly, in addition to your rental fee. Barco will be collecting sales tax on all invoices based on the delivery location of the vehicles. If you are using the vehicle in a different location than the delivery location, and notify us in writing, we will charge the appropriate tax for the location where the vehicle is located.

MAINTENANCE

Barco will deliver a new truck for each rental. It is the renter's responsibility to follow the manufacturer's maintenance schedule as outlined in the owner's manual, which includes, but is not limited to: fluids, filters, alignment, and tires.

CLEANING FEE

Vehicles are charged a \$195.00 cleaning fee when returned. Excessively dirty vehicles will be considered damaged.

DAMAGE POLICY

Renter will receive a new truck and is responsible for any and all damage to the vehicle. Barco provides a free \$500 damage waiver for each vehicle returned. Supplemental damage waiver options can be purchased for an added monthly charge.

MILEAGE OVERAGE CHARGE

If applicable, overage charge will be calculated upon return of vehicle.

TRANSPORTATION FEES

Barco charges a \$500.00 delivery fee and an additional \$500.00 return fee. These fees cover pickup and delivery anywhere within the lower 48 states. The renter's delivery fee will be charged on the first invoice and the return fee will be charged on the last invoice.

24 HOUR ROADSIDE ASSISTANCE

If your vehicle requires jump start assistance, out of gas/fuel delivery, lockout service or towing as a result of a mechanical breakdown contact the appropriate Roadside Assistance toll free number for the make of your rental truck:
